## FORWARD

---

In this volume, the class of nineteen hundred twenty-seven has endeavored to make a record of those fading memories and traditions.

If in future years the reading of these pages may cause a smile or a tear to cross your countenance, the work expended on it is a deep satisfaction, and this book will be acclaimed as a success.

## DEDICATION

---

We, the Seniors of 1927, do affectionately dedicate this *Colonian* to the late Dr. W. E. Doran, who, having passed on before us, is, today, as he always was, a guide toward all that is right and honorable.

*"Our Old High"*

"Here's to our classes, here's to our lasses, here's to the  
lads they adore.

Here's to the seniors so mighty, juniors so flighty, freshy  
and sophomore,

Let mirth and gladness banish all sadness, and as the days  
go by, you'll find us ready and steady, steady and  
ready,

Boosting for Colon High."

## EXTRA!

(Apologies to Lincoln's Gettysburg Address)

"Four years, eight months ago our Father, Henry Ford, brought forth into this continent a new automobile, conceived in tin and dedicated to the proposition that all Fords are made alike. Now we are engaged in a great canflab, testing whether that Ford or any other Ford so conceived and so tindicated can long endure. We are met on the back seat of that Ford. We have come to dedicate a portion of that seat for our son and his girl. All is not done out of generosity. But in a larger sense we cannot dedicate, we cannot consecrate that back seat. The brave man who struggled over it has made that hard seat to stay. Our children will little note nor long remember how long that Ford lasted. But they can never forget the bumps and bruises which they received therein. It is for us, the surviving, rather to be dedicated to wear out that car which Henry Ford has thus far so nobly created. Also we highly resolve that that Ford shall not have been made in vain; that that automobile under Henry Ford shall have a new lease on life; that that Ford of the people, by the people and for the children shall never die but rather shall go down thru the ages to come as a relic of the good old days when Henry Ford thought of such a marvelous creation."

## George Warshington

"George Warshington" lived in Verginyah, he cood not spell veary good but he was good other ways. once he was fiting with the brittish to lick the indains and a big dumdora in a red coat 'says to him' why don't you come out from behind that tree and fight like I done. like you done is right ha ha 'says George' becaus a indain had shott the dumdora general deader than a door nail. this shows we do not need to spell to have good sence.

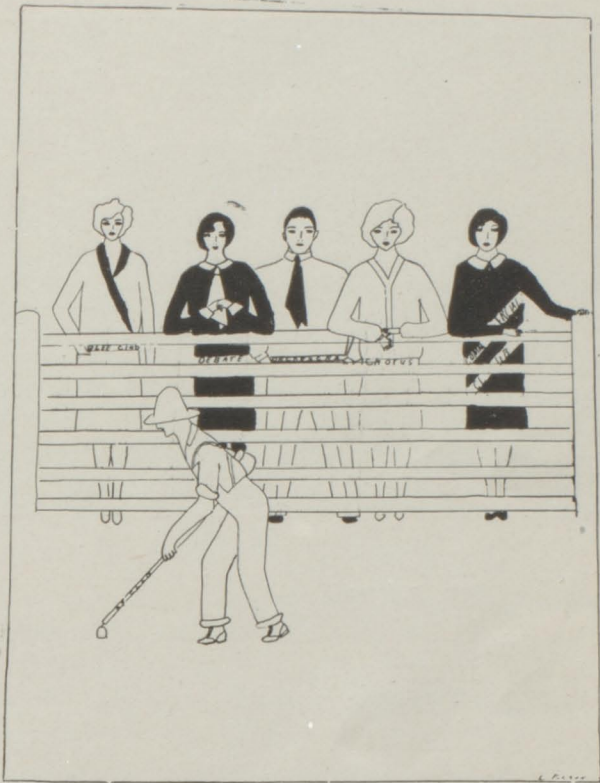

"George Warshington did not tell lies when he was caught. it makes it worser to lie when you are caught. once he cut down a cherry tree and he cood not say he never done it becaus their was the hatchit and there he was to. and once he road his mothers colt till it drop dead and he told about that to becaus some boys had saw him and wood have told if he hadn't of first. so then his mother did not lick him. be sure and remember this when you kill some body. say you done it right away and then they will not put you in the lectrick chair. if you set their it is the last place you ever will set.

"George Warshington got to be preserdent. nobody wanted the job becaus their was no money in it then. he married a lady what had two chil-drun becaus he thought it wood be more easier than to bring np some of his own but probbly it was more harder becaus other folkses childrun is mostly devils.

"Georgs Warshington lived to be full of years and then he died of it."

The Athletic Association is an organization which every member of the student and faculty are eligible to join. The purpose of the organization is to promote pep and school spirit in all athletic activities, and bind the student body together. The organization finances athletics in the High School.

## Football 1925

The first Colon High School Football team was organized in 1925. Through the loyal support of the Athletic Association and friends sufficient funds were raised to equip the team. Most of the season was spent in teaching the boys the rudiments and fundamentals of the game.

Two games were scheduled during the latter part of the season and although we lost in each contest the boys received experience. We lost to Athens 54 to 0 and to Mendon 15 to 6.

## *Fun!*

Miss Rankin—Are Desus and Brutus the same characters?

Roland D.—No, because Desus is talking to Brutus.

Miss R.—Well, didn't you ever hear anyone talk to themselves?

DID YOU SEE—

Our dignified high school boys playing marbles?

Zeak Bower, Burton Baker and Roland Danford catching Bobs?

Mr. Jaffe's new CAR?

Carl Lake go out of English class?

Stub go through the ice?

WE DID.

Harold—This match won't work any more.

Frank—Why?

Harold—It went on a strike.

Sandwich—An unsuccessful attempt to make both ends meet.

Clare—Her niece is rather good looking, eh?

Charlie—Don't say "knees is" say knees are.

Lola—I had a lovely nut sundae.

Toots—I have one calling tonight.

Mr. Hilton—Your recitation reminds me of Quebec.

Raymond Ward—Why?

Mr. Hilton—Built on a bluff.

A Senior stood on a rail road track,  
The train was coming fast,  
The train got off the track  
And let the Senior pass.

"Failed in Physics, flunked in math,"  
I heard him softly hiss.  
"I'd like to spot the guy who said—  
That ingorance was bliss."

Miss Bates— (In current event class) "Who was Luther Burbank?"

Chuck—A plant lizard.

Here lies the body of George Neah Stout—

He laughed at his girl when her teeth fell out.

## *Fun!*

Alton—Gimme a sheet of music paper, will ye?

Everett—Why fore?

Alton—I wanna write my girl a note.

Oh! Yes, you are witty, but the one who wrote "Snowbound" was Whittier.

The young man raises his first mustache on the installment plan—a little down each week.

Ruth rode in my new Cycle car  
In the seat in back of me;  
I took a bump at fifty-five,  
And rode on ruthlessly.

He—I want to marry your daughter.

Father—Have you seen my wife yet?

He—Yes, but nevertheless, I still prefer the daughter.

Ben—Your eyes are so affectionate.

Alice—Do you think so?

Ben—Yes, they are always looking at each other.

Miss Bates—What is the difference between a foreign ambassador and a foreign minister?

Blanche A foreign ambassador goes to other countries for peace, and a foreign minister goes to preach!

Clare What are those holes in that fence?

Med—Those are knot holes.

Clare Those are too holes.

What is your idea of the tightest man in school?

The guy who won't take showers because they soak you so much.

Miss Rankin—Lempie, what is a stockade?

Lempie A place where they keep stock.

Huck— (In history class) Does Stacomb come from Greece?

A goat ate all our other jokes and then began to run. "I cannot stop," he softly said, "I am so full of fun."

Sugar is sugar,

And salt is salt;

If you laugh at these jokes, its your own darn fault.

## *Annual Senior Play*

---

On May 20, 1927, "Go Slow Mary," a Comedy in three acts, was presented by the class of '27. The cast displayed great ability in the acting and interpretations of their roles.

The plot centers around Billy and Mary Abbey, a young married couple discovering the truth of the wise saying: "The first hundred years are the hardest." Billy loses his job and Mary tires of the poverty which follows. They agree to change positions---he to keep house and she to earn the living. Then with the introduction of the other characters the fun begins. Finally all trials and tribulations are settled and the play is brought to a happy conclusion.

A major portion of the credit for the complete success of the play is due to Mr. Charles Elliott through whose efforts and excellent coaching it was so ably presented.

The cast was as follows:

Billy Abbey	-	-	Fluett King
Mary Abbey	-		Elizabeth Maurer
Mrs. Berdon	-	-	Edna Jones
Sally Carter	-	-	Margaret Decker
Harry Stevens	-	-	George Clark
Bert Childs	-	-	Wesley Allen
Bobby Berdon	-	-	Miles Wattles
Dolly Berdon	-	-	Bertha Brown
Katie	-	-	Marian Hackenburg
Danny Grub	-	-	Stanley Bower
Murphy	-	-	Robert Selby
